  - a) The RMATA Board of Directors has eliminated the RMSATA and created a committee for the students. Functionally, this increases participation in all states in the leadership for the students. Each state will have representation on the committee. If you are a student, or know a student who you feel would contribute to the leadership of the students, please contact your state President or Lisa Walker.
  - b) Governance Task Force was created. Periodically we look at the governance of RMATA and make changes, this Task Force will make recommendations to the Board next February.
  - c) Public Relations continues to be a focus with RMATA. Last year we created a PR committee. The committee continues to grow and learn. There are still openings on the committee in Wyoming. If you have ANY items that would be beneficial for our members or the public to know about, please forward them to your State President or State PR Chair.
